

THE BIG E HOME HEATER

ECONOMICAL TO BUY—EFFICIENT TO OPERATE—EASY TO USE

Breckwell's BIG E Home Heater brings together ECONOMY, EFFICIENCY, and EASE of operation.

ECONOMICAL – When you compare the features and options you get with THE BIG E to similarly priced stoves you will see real value in this newest entry in the Breckwell line. THE BIG E brings to you all of the Breckwell reliability and craftsmanship at a very affordable price.

EFFICIENT – Whether you're operating your stove at its highest setting or heating at its lowest level it conserves pellet usage.

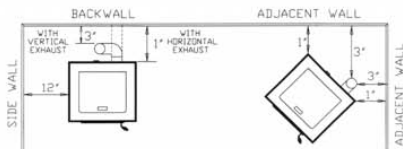

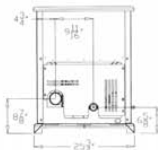

EASY TO USE – THE BIG E is operated with its digital one-touch control pad. No further adjustments are necessary.

*Home Heater
